BARNACLE

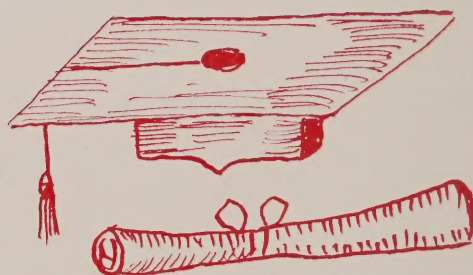

This 1950 *Barnacle* was prepared for the graduating class by the staff under Josephine Daniel and Harold Williams, Editors, with the help of Elaine Burman and Peter Pierce, Business Managers.

~~ACLE~~

1950

High School

Massachusetts

H. H. Broadbent Library
Barnstable High School
744 West Main Street
Hyannis, Mass. 02601

Dedication . . .

We gratefully and lovingly dedicate this *Barnacle* to our MOTHERS and FATHERS, who by their many sacrifices and self-denials have made these four years possible.

From the first confusing weeks of the "big school" until the final night of graduation, our folks have helped us to make this high-school education worth while. They guided us in the choice of a specialized course, they saw to it that we studied—albeit at times reluctantly—and they always gave us the needed encouragement and pride in our academic or athletic achievements.

Now that this phase of our life is closing, and many of us will leave home to be on our own, we wish once more to say THANKS to the best friends we ever will have—our parents!

We thank Our Folks

Preface . . .

In preparing this *Barnacle* the editors and their staff have endeavored to give you a yearbook which would be more than a classic listing of names and faces; more than a cut and dried story of our four years at BHS.

With this in mind we have eliminated the dead group pictures which show us "as we ain't" and have substituted pages of real-life action shots which present our faculty and classmates as they will be remembered.

Greater emphasis has been placed on the biographical section as we believe that in a class of our size each individual will be remembered as a definite personality and not just an insignificant member of the entire whole.

All through the weeks of planning, our aim has been, not to produce a conventional *Barnacle*, but to devise a new type of yearbook which will succeed in some small measure in catching the true spirit of high-school life and which should, above all, have as its only theme and purpose to help us remember in future years the wonderful time had at Barnstable High.

The Editors

as these school years close

Mr. Briah Connor

Mr. Connor, that busy little man with the little black book, has done so much for our class that we could never begin to thank him properly. Although his job—putting us in detention—made him an avoided gentleman, he was nevertheless one of the most genuinely admired and liked.

in all activities . . .

Bus Ride

To the horror of the local students some of us actually had to get up at 7:30 to have time enough to catch the bus. Between bumps and stops we had a chance to check homework and find out what everyone did the night before. Of course if you missed the bus that was your good luck, providing you didn't have to walk. On snowy days you might even have missed first period. By the time the bus reached school you had forgotten your sleepiness and begun to sing with everyone else. Do you wonder why the "local-yocals" look upon the bus pupils with awe!

Girls' Locker Room

Where is it that the females gather; where the lid is off; and where the only rules are "fair play" and "good sportsmanship?" Why the girls' gym and locker room, natch! It's a general meeting place in the morning (probably 'cause it has the one full length mirror in the school.) and throughout the whole day, our gym rings with the shouts and cheers of competing girls' teams. The girls flock to the locker room, don "sharp" blue suits and rush downstairs to knock themselves out playing. Fun? You bet it is and a welcome change from the steady discipline of class rooms and studies too! All in all, it's the girls' special haven, complete with jokes, pranks, and plenty of laughs.

Changing Classes

The bell rings and the corridors are filled with chattering students—"steadies" meeting to pass notes; friends stopping for a brief "hi" and "so-long"; gals trying desperately to catch a glimpse of that dreamy character while the fellows are busy arguing about the chances of the Red Sox. It's a time when you try to cram for the next class or forget the horrors of that last English test—but no matter what has happened this pleasant little breather is enjoyed by everyone except the traffic squad which always has someone who doesn't know his right from left.

. . . *During our happy days*

Cafeteria

We sure will miss the mad rush to the cafeteria: the old lunch line and fun cutting in; the peanut butter and jelly sandwiches; and the lack of stools. Everyone has so much to say, so much to eat, and so little time that all you hear is a loud hum in your ear. Sad to say, our piles of bread crusts and singing wasn't appreciated. It's still a mystery to us why it wasn't. Many of us found a spare moment to "bone up" for the next class also. Before you know it the bell rings and, you pass to the next class.

Boys' Locker Room

How well the boys of the Class of '50 will remember the locker room, where they romped, played and gave vent to excess energy that classroom discipline had suppressed in them.

During that all too brief Physical Ed. period, the Boy's Locker room served as a relief from the monotony of school life. To the gridiron gladiators it meant rest and a hot shower after the day's rugged drill.

How can we ever forget Mr. Bearse and his uproarious jokes, as well as the would-be barber shop quartet singing lustily, but off key under the steaming showers.

Without a doubt when all other high school memories have faded with time, the locker room with all its recollections will linger on.

After School

When the 2:45 bell rings everyone literally "takes off" for "Mitchell's." Over a coke, the news of the day is thoroughly discussed. Anyone with a new joke is the center of attention. It's really amazing how long one little coke can last but it is an art that one develops after going in there once. People concentrate more over worldly problems in the booths than they have done all day in classes. Sometimes people who couldn't make it to school can be found in "Mitchell's" with the gang about three o'clock.

at Barnstable High . . .

Mr. Ellis

Every morning Mr. Ellis was plagued by the class officers, the committee chairmen, and worried seniors who were seeking advice. He was never too busy to help us out—whether it be staging a successful dance or simply keeping peace in the class. To our wonderful advisor goes most of the credit for all we've done. Thanks, Mr. Ellis; thanks a million!

Mr. Coleman

"I want the second act memorized by Wednesday"—that's Mr. Coleman talking to the kids in the class play. Mr. Coleman has been our guiding light when it comes to art and acting. The play committee decided on Mr. Coleman because of the experience that he has had on Broadway—and their choice couldn't have been a better one. The class of '50 wants to thank him for all the time and work that he put into "Meet the Duchess" to make it a success.

Miss Nehubian

Perhaps unfamiliar to the boys, Miss Nehubian is known and respected by every girl in Barnstable High. Besides being a top-notch gym teacher, she has led many a basketball team to victory, as well as producing many an outstanding minstrel show. We are indeed grateful to her for all the help she has given us as the advisor of this yearbook. Without Miss Nehubian, all the confusion and technical details would never have been solved and this *Barnacle* would still be in the planning stage.

Class Officers

CARLTON SOUZA

Cotuit has long been noted for its five famous gentlemen and now they have another progressive young man. Carl, always willing and eager to do more than his share, was voted the most popular pupil and the one who did the most for our class. He has probably been in more school activities than any other pupil, and he hasn't done too badly in his schoolwork either! One can recognize his sincerity and thoughtfulness on knowing that being Class President was his favorite school activity. He is also one of our many talented artists and has aspirations of becoming a commercial artist.

His activities include: H.M.S. Pinafore 9; Glee Club 9, 10, 11; Sophomore Hop Comm. 10; The Gondoliers 10; Clipper Editorial Staff 10, 11, 12; Chairman of the Picture Comm. 11; Prom Decorating Comm. 11; Money Making Comm. 12; Barnacle Staff 12; Class President 12.

JOSEPHINE DANIEL

In every class there's always one person who stands out amongst the rest. Our "Jo" Daniel is that person. "Jo", with her abundance of brains, ability, and sparkling wit, is known and admired by everyone who meets her. In her junior year, she brought honor to herself and to Barnstable High School by being elected, first, the governor of Girls' State and then, president, no less, of Girls' Nation! "Jo" has fun outside of school as well as in; her favorite means of enjoyment is, of course, going out with Johnny! Her most cherished ambition is to become a journalist and if in five years, you're reading a paper called "Jo's Journal", you'll know your V.P. has done it again!

A.A. 9, 10, 12; Vice president 10, 12; Orchestra 9, 11, 12; Intra-mural hockey 9, 10, 12; Intra-class hockey 9, 10, 12; Intra-mural basketball 9, 10; Intra-class basketball 9, 10; Clipper 9, 10, 11, 12; Ed. in chief Clipper 10, 12; Co-editor Barnacle 12; Soph. Hop Comm. 10; Junior Prom Comm. 11; Class picture Comm. 12; Junior class talent show, H.M.S. Pinafore 10; Girls' State 11; Girls' Nation 11; American Legion Oratorical Contest 11; Pirates of Penzance 12; Music Festival 12.

Class Officers

RUTH THERESA AYLMEER

An unaffected personality, a winning smile and an all-round sweet disposition are enviable qualities, indeed. Add to these attributes a sweet lilting voice and you will have a very fitting description of none other than pretty, little Ruth Aylmer.

Ruthie, as she is better known by her classmates, was voted the "most dependable" girl in the Senior Class, a very wise choice, to be sure; for she has been engaged in various extra activities in which she has well proven her dependability.

Although Ruthie doesn't take an active part in school sports, she is one of those valid, dyed-in-the-wool fans, whom you have probably heard or seen at many B.H.S. sport events.

Junior Red Cross Representative 9, 10, 11, 12;
Girls' Glee Club 9, 10, 11, 12; Junior Prom Comm.

MARION BROOKS

A calm and even disposition has made Marion one of the more popular girls in the class. "Brookie" fits in with any crowd and is well-liked both in school and outside. Her long blonde hair is the envy of many girls. Although at first glance Marion seems to be quiet, she is really a barrel of fun. She is a student in the Business course and has been our competent class Treasurer for two years. Typing is her favorite subject and basketball is her favorite activity. Outside of school much of her time is occupied by "going out" with a former B.H.S. basketball star. Marion isn't yet certain what her future career will be but we know that success will follow "Brookie" in whatever she does.

Treasurer 11, 12; Class Picture Comm. 11; Clipper Typing Staff 10, 11.

HELEN AALTO

"School angel—street devil" seems to be Helen Aalto exactly, for one can hardly imagine the activity that takes place under that quiet exterior. Tall and pretty, Helen has many friends, and she is noted for her ready smile and good disposition.

Helen is taking the general course in school and her favorite subject is History. Outside of school, she enjoys dancing, bowling and horseback riding—and incidently we hear that the hayrides she plans are really something special.

Helen's ambition is to get married someday and we wish her the best of luck in whatever she does.

Glee Club 11, 12; Clipper Staff 12.

JOHN EDWARD ALVES

Here is a lad who is well-known to the members of the football, basketball, and baseball teams. It's little wonder why, for Johnny has been student manager of all three of these squads during his high school career: one year for the football team, and two years respectively for basketball and baseball. Although he doesn't take an active part in varsity athletics, Johnny is well known for his unfailing spirit in rooting and cheering the various teams on to victory—to say nothing of keeping up the morale by his famous jokes.

Collecting records and dancing gives John great pleasure and takes up most of his spare time. He has fond hopes of becoming a radio sports broadcaster—Go to it John and good luck to you!

Basketball manager 11, 12; Baseball manager 11, 12; Football manager 12; Junior Red Cross 9, 10, 11, 12; Chairman, Football Benefit 12.

MARY ALVES

Mary's interest in cars is well known. She isn't particular either—it may be a new "Chevie", a new Mercury, or a new Buick—it doesn't matter much to her. Perhaps the reason she likes cars is that they take her to the places of amusement that she likes best—basketball games, movies, or dances. Her choice of extra curricular activities ranges from glee club to hockey. Mary's serious (?) school interest centers around the Business Course and she seems to get quite a kick out of Office Practice or at least that's what we heard. She plans to become a medical secretary. Good luck, Mary!

Clipper 9, 10, 11; Asst. Business Manager 10, 11; A.A. Representative 11; Hockey 9; Basketball 9; Picture Comm. Treasurer; Finance Comm.

MARY ASHLEY

"Mint" is one of the less noisy in our distinguished group. Despite this, everyone knows that lurking behind her rather philosophical face there is a fine sense of humor and a potential Scottish temper—to say nothing of a terrific amount of brain matter. She can be classed as a bookworm only in the astounding amount of literature she can digest without ill effects. Possessed with a remarkable talent of description, "Mint" was only this year discovered by the *Clipper* and pressed into immediate use.

She has the cutest, recurring dimples we have ever seen. If you never noticed them, just watch her reading this!

Clipper 12; Junior Red Cross 9, 10, 11, 12.

PATRICIA MARY AYLMER

Pat is someone that you like to have around. You just can't help liking her. Full of fun and always ready for a laugh, she was a great asset to the class. She has that intangible something that makes her able to master any situation with great ease. One of the "Osterville Girls", Patsy was voted the most artistic girl in the senior class. She is in the glee club, is assistant editor of the "Clipper" this year, and she played on the hockey teams. She likes most sports, but skating, bowling, dancing, and swimming are on top. With a personality like Pat's, how could she help but succeed?

Hockey 10, 11, 12; Interclass basketball 10; Glee Club 10, 11, 12; Senior Ring Comm. 11; Christmas Concert 10, 11; Clipper 12.

DONALD BAKER

"Son", without doubt the saltiest member in the class, is definitely a Cape Codder with his droll speech, oft-times eccentric ideas, and pessimistic disapproval of any and all schemes cooked up by a woman. He is about as clever a man (we say *man*) with his hands as you'll find; earns money to keep his car and romance going by doing odd carpentry jobs. Despite the fact that "Son" has no listed activities, he may often be seen bustling on some mission for the class of '50 and deserves much credit for his almost single-handed success with "Operation Coke" in our Junior year.

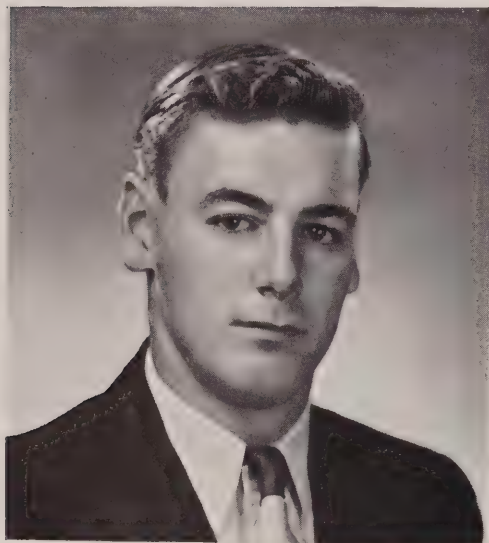

JOAN BAKER

Joan is the gal who is guaranteed to make your blues literally "take off." Voted the class comedian, she has been keeping the entire general course—minus the faculty—in stitches with her dry, drawled jokes. Her remarks might be considered rather sarcastic,—that is until you hear her infectious laugh begin and then you know 'tis all in fun.

Joan is no mean an artist by anyone's standards and, although not much of a student, we all know 'tis only because she'd rather laugh than worry. All in all, she has the vim and vigor which many desire but few possess.

Glee Club 9, 10, 11, 12; Red Cross 9, 10, 11, 12; Interclass Basketball 10; Inter-mural Hockey 12; Business Staff, Clipper 12.

GEORGE BARABE

George is the only boy from our class who is in the Business Course. We have often wondered how it feels to be the only boy amongst a group of happy females—but George says "it's great". Although George has not participated in many school activities, his outside interests are many and varied. Bowling and dancing are tops on his list of amusements. George is an excellent scholar and his name is usually printed high and mighty on the honor roll. George excels in bookkeeping and shorthand, which will be mighty important in his future career as a Certified Public Accountant. His hearty laugh may be heard above all in the study halls—where he is studying?

Red Cross 9, 10, 11, 12; Chess Club 10.

CONSTANCE BEARSE

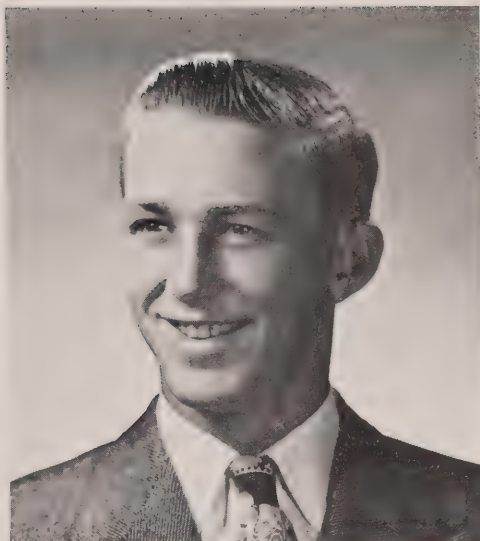

Connie's dry sense of humor will long be remembered, especially by those who shared in her antics in French class. Although her actions were perhaps not appreciated by "la maitresse" they certainly kept the class rocking with laughter. Her flair for languages is understandable since English was her favorite subject. Connie's pet peeve is homework although it's slightly disproved by the fact that she's usually on the high honor roll. Her favorite activity is basketball in which she probably uses up that excess energy. She plays for an outside team called the "Plungers". Connie's ambition is to attend college this fall where she plans to major in languages!

Clipper 10, 11; Intra-class basketball 11; Student Council 12; Barnacle 12.

RICHARD BEHLMAN

Good-natured, good-looking, and an all around great guy—that's our Dick! He's quiet, but not shy. He knows his way around but he isn't saying so and therefore is well liked. Dick played varsity baseball in the eleventh and twelfth grades—and well, too! He's a "Cotuit boy" and remains close to his own village even as far as his girl is concerned. We don't know what Dick's plans for the future are but whatever they are we know that he will come out o.k. with the same quiet determination that has carried him all the way through school.

Baseball 10, 11, 12.

JOHN BOYNE

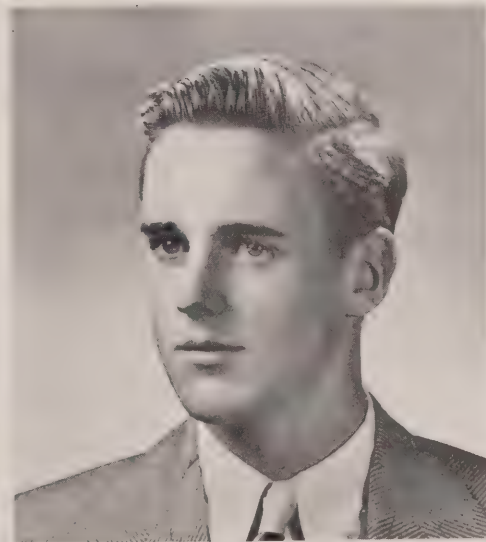

One of the most incongruous combo's in the class, Johnny ("Mighty Mite") Boyne has kept everyone perplexed but in very good humor. He can blush like a rose one minute and yet in the very next breath he will let loose with his boisterous and very characteristic he-man guffaw. John tries to hide his brains under a cloak of indifference but has nevertheless earned a standing reputation as a top-rate student. He is known for his teasing and practical jokes but cancels this flaw with his super smile. "Mighty Mite" received much fame as one of the Cape's best football guards, and along with it, took much ribbing because of his publicized scant 140 lbs. Knowing Johnny, we still hesitate to believe his alleged ambition to get married at a tender age.

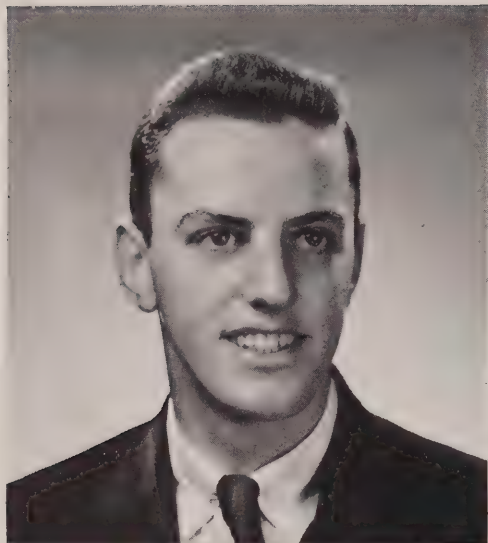

Football 10, 11, 12; Golf 11, 12; Ring Comm. 11; Track 11, 12.

STEPHEN BRAY

If ever you see an old green Ford going down Main Street in Hyannis, you'll get a view of blond Steve. His car (?) is the idol of his life, and he's not a bad driver, either. His driving has nothing over his school work and, although a late-comer to our school, S.B.B. Jr. took his place right up among the best of them in the College course. Steve's a great outdoor enthusiast and you'll find him at any time of the year with his gun or rod and reel, ready for a quiet day of relaxation (which, incidently is another one of his favorite activities). But, seriously, we all know that Steve will make himself known in whatever he does.

ALFRED BROWN

Being voted "Best Athlete" by your classmates is no minor accomplishment and it was no minor athlete who won this honor; for "Babe", the last of a long line of exceptional athletes, has, in being Barnstable's best, not only upheld the family tradition, but in several ways surpassed it. His many long runs on the gridiron plus his timely hitting on the baseball team have made him more than worthy of this honor.

Combine his athletic ability with numerous other fine characteristics and it will be realized that B.H.S. is not only losing a fine athlete but also a fine personality.

Football 9, 10, 11, 12; Baseball 10, 11, 12; Barnacle Staff 12; A.A. 9.

ALICE BROWN

How Alice got dubbed "Bubbles" is a concealed fact, but it fits her to a T, for she literally bubbles over with that thing called vitality.

The instigator and chief exponent of the French III Class Plays, "Bubs" also played the role of a comic piano player. She manages to keep her surrounding classmates in a constant state of good humor with her dry jokes and wierd facial expressions. We dare not mention her pet peeve but hasten to say that "Bubs" chief ambition is to be a nurse. With her congeniality and pretty face she ought to be a super-duper!

A.A. 9, 10, 11, 12; Glee Club 10, 11, 12; Interclass Basketball 9; Intermural Basketball 10; J.V. Cheerleader 9.

JAMES BROWN

"The fellow with that million-dollar smile" is perhaps the best description of James Brown, better known as Jimmy. Jim's infectious grin and happy-go-lucky disposition make him known and liked by everyone who meets him.

Jim's pet peeve is discipline and it is well shown by the numerous scrapes into which he is constantly jumping most of the time. He maintains that he dislikes studying, but that is rather contradicted by the fact that he's extremely interested in mathematics.

Jim is still uncertain as to what course he will follow after graduation, but he hopes to go into some type of engineering.

Glee Club 12.

ELAINE DORIS BURMAN

One of the chief business minds in the class, Elaine is continually torturing herself to keep the class of "50" from bankruptcy. Although she is pursuing the college course she is co-manager of the Barnacle business staff and was manager of the Clipper business staff in her Sophomore and Junior years. She also has been active as a member of many class committees, as sports' supporter, and as a member of the girls' glee club and the chorus of "Trial by Jury". However, as busy as she may be, she still has time for dancing, movies, horseback riding, and dreams of being a nurse.

Clipper 9, 10; Manager, Clipper Business 10, 11; Glee Club 9, 10, 11, 12; Operetta 11, 12; Picture Comm. 11, 12; Junior Prom Comm.; Sophomore Hop Comm.; A.A. 9, 10, 11, 12; Co-manager, Barnacle Business.

BETTY BURNHAM

Betty, alias "Casanova", is well known among her friends for her friendliness and good disposition. "Bet's" favorite activity in school was the Clipper in which she did a fine job as Sports' Editor. Outside, "Bet" is an officer in Rainbow and a member of the Tri-Hi Club. Her most enjoyable recreation is dancing and her graceful, poised walk must certainly give her an advantage on a dance floor. Although Math was her choice subject, "Bet's" ambition is to become another Florence Nightingale and we're sure that with that calm dignity and cheerful way Betty could cure any patient of apoplexy in a minute!

Clipper 10, 11; Intermural Hockey 10; Intermural Basketball 11; Glee Club 10, 11, 12; Junior Red Cross 9, 10, 11, 12; Christmas Concert 11; J.V. Cheerleader 9.

BETTY BURRILL

Five minutes of having Betty around is enough to cheer anyone out of the deepest blue mood. Betty is naturally happy and joy seems to radiate from her. The old saying "Beautiful but dumb" certainly doesn't apply in her case as she is one of the smartest girls in our class and also very good looking. Some of her friends call her "Liz" but not even her closest friends dare call her "Lizzie." She takes part in many school activities; one of which is being manager of the girls' basketball team. Her favorite subject is chemistry in which she is a junior grade Madam Curé. Her many outside activities include Rainbow, dancing, and "going out." Betty isn't yet sure what career will claim her after college but whatever she does, we know that life holds many good things in store for her.

Editor in chief of Clipper 11; Clipper 9, 10, 11; Barnacle 12; Basketball 9, 10, 11, 12; Intermural Hockey 10; Interclass and Intermural basketball 9, 10; A.A. 9, 10; Sophomore Hop Decorating Comm. 10; Junior Cheerleader 9.

IMOGENE CAHOON

Imogene Cahoon deserves the name of "Senior poet" for without her witty poems and clever rhymes our school magazine would certainly have suffered.

Jean seems to be the outdoor type as her favorite activities center around hiking, boating, bike riding and other sports. Jean also shows her musical ability to good advantage by playing the timpani in the high school orchestra.

She hopes someday to work in an orphanage as she is extremely fond of children. We're sure Jean's suited to this work since, with her understanding temperament and pleasing personality, children couldn't help but love her!

Clipper Editorial Staff 12; Orchestra 12.

ELIZABETH LEES CAMPBELL

"Bets" came to B.H.S. in our junior year and ever since then has taken an active part in all our class affairs. Betsy was voted the best-natured girl in the class and we don't have any disagreements. She has a winning smile and a personality to please anyone. Before she entered B.H.S. she went to school in Chicago and Long Island. "Bets'" favorite subject is art and she intends to be a commercial artist. She tells us her pet-peeve is sarcastic people and we can't blame her. Outside of school you'll see "Bets" whipping around in her car or out on a date with "Babe."

Prom Comm. 11; Glee Club 11, 12; Hockey 12; Money-Making Comm. 12.

HARRY CASWELL

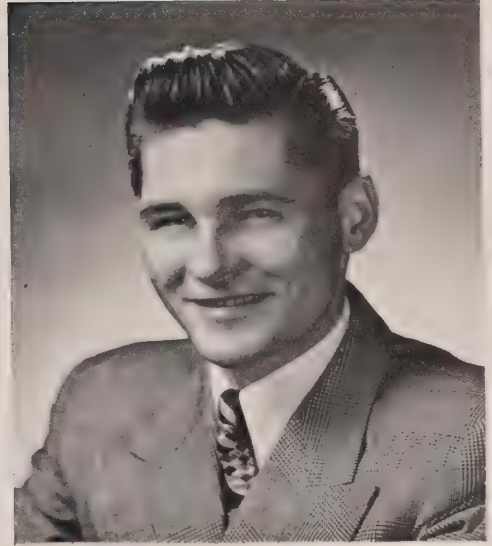

Few will forget the stir that was created among the lasses when "Handsome Harry" walked into B.H.S. early last year. We soon saw what a wonderful guy he was and so elected him to the Student Council—a most unusual feat for a newcomer.

Harry, or "Caz" will probably be best remembered as the walking advertisement for "Gillette Blue Blades". Even though he seldom shaved in the morning, "Caz" still managed to miss the Osterville Bus two days out of five. He is always talking out in classes and usually tries to sneak in a good word for Florida. Even if "Caz" came from California we would still be only too glad to have him in our midst.

Red Cross 11, 12; Student Council 11, 12; Football 11; Operetta 11.

ELLIOT CLARK

Elliot, one of the two vets in our class, has had little chance to make friends with us. A Yarmouth fellow, he came over last year to take the Boatbuilding Course and this year he changed to the general in hopes of entering Wentworth Institute. Probably "that nice vet" (such was his only name for weeks) will never know how many admiring eyes follow him in the corridors, nor how many girls go by the library each morn to get a glimpse of him. Oh, for the charm of a handsome, reserved vet!

BEVERLY CLOUGH

"Bev" or "Cloughie" is one of the more happy-go-lucky members of the class of '50. Basketball and hockey, both in class time and interclass, and Clipper make up her school activities and to every one "Bev" has brought something lively. At night from seven o'clock on if you want to find "Bev" just take a peek in at the Center Theater (if it's a good movie) or at Mill Hill where she may be bowling or roller skating. "Bev" wants to become a telephone operator and since she's dead set against gossip she should make a good one.

Clipper Business Staff 8, 9, 10; Basketball Interclass 9; Red Cross 9.

CAROLYN ANN COLEMAN

Carol has one of the sunniest dispositions in the class. She always has a smile and a cheerful word for everyone she meets. Carol's favorite activity in school is basketball and the skill which she displays on the basketball floor makes it evident that she was a welcome addition to the girls' team this year. Carol or "Lefty", as she is sometimes called, is very active on the Recreation Committee that plans the teen age dances held every week. In the summer, much of her spare time is taken up by water skiing which she enjoys very much. Whatever Carol may attempt, our good wishes go with her.

Basketball 9, 12; Glee Club 10, 11, 12; Majorette 9, 10; Prom Ticket Comm. 11; Recreation Comm. 11, 12; Clipper Business 11; Class Treasurer 10.

LOUISE CONCANNON

If you ever see a grey Buick go tearing by, you will probably recognize the driver as Louise. Possessed with a true Irish sense of humor, she is a friend to all. She is a member of the college course and has been active in inter-mural sports and the girls' glee club, and also as a member of many class committees. She enjoys music, parties, and dancing, but she dislikes "cliques." We hope that she may someday achieve her ambition and be among those on the list of college graduates, or at least that she may have the pleasure of attending college.

Glee Club 9, 10, 11, 12; Basketball 9; Intermural Hockey 9, 10, 12; Junior Prom Comm.; Red Cross Council 12.

EVELYN COVELL

"Chick" has been active in quite a number of extra-curricular activities in school—cheerleading and sports, basketball and hockey being not the least of her talents. "Chick" chooses dancing as her favorite out-of-school amusement with basketball, second. Remember those Saturday afternoon games, "Chick"? Rough, huh? As far as school and lessons are concerned we can't say how often Evelyn buried her blonde head in a book but she obviously came out safely. In any case we can truthfully say that "Chick" had a "Ducky" time for herself, especially in her senior year. To "Chick" in her chosen career, fashion modeling, we wish the best of luck.

Interclass Basketball; Interclass Hockey; Prom Comm.; Glee Club 9, 10; Cheerleading 11, 12.

CLARENCE CROWELL

Yakity, yakity, yakity—un-huh, that's our Clarence, the one fellow who can pace a female's "jibber" any day! "Gabby" (but, of course!) has a sense of humor so corny as to be almost unbearable at times. Nevertheless, he kept all his homerooms in a constant titter with his puns and cracks. One of the world's worst Chess and Cribbage fans, "Gabby" would often miss school to finish a game started the night before—or so he glibly told us. With such perseverance and *such* a smooth line, Clarence can't help but succeed!

LILA DAVIDSON

Lila is the girl who keeps up the reputation of "Shark City" around the school. Its team is the pride and joy of this "Shark City" lass and she follows their schedule of victories with enthusiasm.

Lila isn't exactly what you would call an *avid* student but she finds el espauol muy cornico no? Besides basketball and sports in general she likes to dance.

That mischievous gleam in her eye and her contagious smile will long be remembered by the Class of '50. Even though Lila is undecided about the future, we know that her friendly naturalness and pep will bring her happy success.

Clipper Business Staff 12; Junior Red Cross 9, 10, 11, 12.

GEORGE DIGGS

If you're ever wandering (banish the thought) and hear some one's southern drawl and then boisterous laughing you're sure to know that George, also known as "Bunny", has just told one of his jokes. Bunny is always good-natured and full of laughs. He moved here in his sophomore year and since then has been an active player on the football and track teams. He is also a member of the boys' glee club. Bunny's cherished ambition is smoking, and from the looks of things it's coming true. From now on if you ever want to hear a good joke look up George and you won't be disappointed.

Football 10, 11, 12; Glee Club 10, 11, 12; Track 11, 12.

RUTH DOANE

Ruthie is a good example of the old saying that good things come in small packages! She has a vivacious smile and a very pleasing personality. Aside from being a good student, Ruth has taken part in school activities. She was one of the snappy major-ettes that lead our band at the football games, she sang in the glee club, and played interclass hockey. Ruthie plays basketball on the Federated Church team, and is one of the stars despite her lack of height. Ruth's most cherished ambition is to become a secretary, and we know that she will be a good one.

Band 9, 10; Ticket Comm. 11; Glee Club 9; Interclass Basketball 10; Interclass Hockey 11.

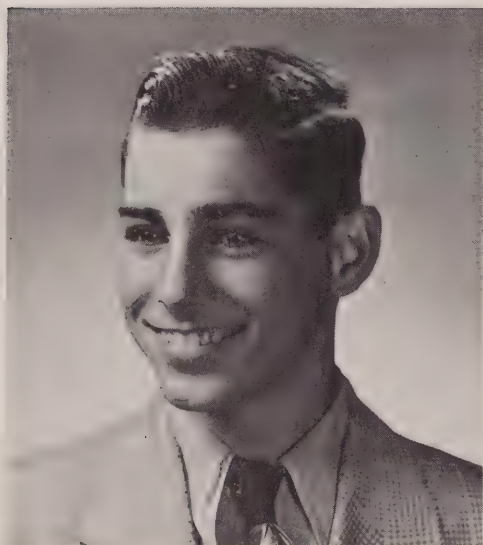

CHARLES DOHERTY

"Skip" has been a worthy member of the Class of 1950. His participation in basketball and football were among his activities. But most outstanding among them are his many artistic accomplishments. His cartoons in the *Clipper* and his posters are something he can be proud of. Though he is quiet "Skip" has a way all his own of expressing himself. His subtle jokes and quiet sense of humor are prominent parts of what goes to make up a fine personality. His most cherished ambition is to be an architect. With his mind teeming with artistic ideas and his lively imagination, we feel that he will be both competent and successful.

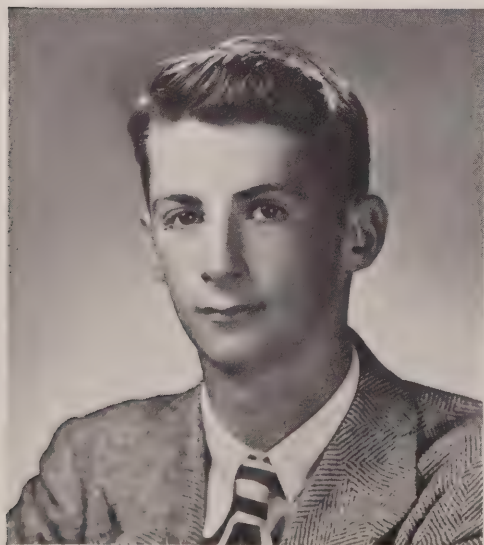

Football 11; Basketball 11, 12; *Clipper* 10; Band 9; A.A. 9.

ORRIN EATON, JR.

"Bud" must be quite a stranger to Barnstable High School. He is one of our "Future Farmers of America" and, as everyone knows, they don't stay in school for any great length of time as they often go out on projects. (Is that the way you get your early spring tan, Bud?) His favorite school sport is golf. This is also an activity that takes our "Bud" outside of the school gates before two forty-five in the afternoon. We hear he's a welcome asset to the school golf team, too. How to go! His favorite out-of-school amusement is—you guessed it—golf! Basketball comes next in interest. His ambition is to be a professional golf player and maybe that's why he's getting plenty of practice now.

F.F.A. 9, 10, 11, 12; Golf 11, 12; Track 11.

PETER ELLIOTT

Peter, the star of our golf team, is a smiling "six-footer-plus" who probably has the most astounding variety of nick-names on the Cape. Some of the more common are "Ichabod", "Snort", "Stretch", and just good ol' "Pete!"

"Ichabod" haunts all the riding stables around here and is considered our best authority on such matters. No matter what the sport, "Pete" is right up there among the top players. Few will forget his startling height as displayed on the football field.

"Ichabod" just got a convertible (slightly used) this year and to the girls that is just another reason among so many to sigh when "Pete" walks by!

Football 9, 11, 12; Track 10, 11, 12; Golf 11, 12; A.A. 9, 10, 11, 12; Basketball 11.

WILLIAM FISH

Billy is everybody's friend and lots of fun besides. His undying love for jazz is often very distracting to the teachers—you see it leads to tapping his pencil on the desk and whistling. Billy was voted the best-natured boy in the class and when it comes to dressing no one will deny that he sure is sharp. Dancing is right in his field—Billy is probably the smoothest in the class. Blushing—he's an expert at that!—Who else can turn such a beautiful shade of red? Bill's sense of humor works overtime. He's always ready for a good laugh—whether the joke is on him or not.

Football Manager 10; Assistant Manager 9; Vice-President 11; Junior Prom Comm.; A.A. 9, 10, 11.

LORRAINE FRASER

Lorraine, quiet and unassuming, has really made a name for herself as an honor student in all fields and is an undisguised genius at math. Many's the fellow who has watched in amazement as she whipped through a difficult Physics problem like most people read comic books.

Despite this, Lorraine is by no means strictly a mathematician. She held a first violin chair for several years until she started to sing in the Operettas. An active member of the 4-H Club, Lorraine has dumbfounded most of her sister students with her beautiful hand-made clothes. Wherever there is a square dance you may be sure of finding her going through all the steps—even the most intricate.

Orchestra 9; Glee Club 10, 11, 12; Junior Red Cross 9, 10, 11, 12.

THERESA L. FRAZIER

"Hey, Terrie, take care of this will you?" The answer is always, "Gladly," and from there on the job will be done with efficiency plus. Cooperation personified, Terrie would in all probability copy the Encyclopedia Britanica from A-Z if it was for a worthy cause. She has been a Godsend to many committees—typing and mimeographing at a moment's notice. So good-natured is she, in fact, that only scratching your nail on a blackboard will ruffle her even disposition—but why not? Although she comes from the "wilds" beyond Osterville, Terrie finds plenty of opportunity to dance or bowl—both of which she does with no mean skill.

Barnacle Typing Staff 12; Clipper Typing Staff 11; Picture Committee 11, 12; Red Cross 9, 10, 11, 12.

JOANNE GARDNER

"Full of fun and fancy free" must have been written just for "Jo." One of the live wires in our class, her many escapades delight the more timid. Wherever good natured mischief is brewing, there also will "Jo" be. Beware her when her expression is most angelic, for that is when she is hatching some new plot!

"Jo" is one of those steady Osterville sports fans who come to every game. She is also an active member of the Rainbow, and from all we hear she kept one hotel manager in a dither throughout a convention. Good luck to lively Jo!

Glee Club 12; Junior Prom 11; Hockey 12.

JOSEPH GERMANI

Joe, who somehow or other got dubbed "Jinx" is in reality our special good luck piece—especially in basketball and golf.

An Osterville product, "Jinx" has become more and more popular each year—and also grows more and more good-looking. Joe has that wonderful knack of fitting into any situation, whether it be a debate among the "big six," out with a gang of fellows, or in a social get-together. Jinx was *the* basketball star this year and did much to turn a green team into a bunch of hard fighting players who gave many a veteran team a good game!

Basketball 9, 10, 11, 12; Golf 11; Baseball 12; Sophomore Hop Comm.; A.A. 9, 10.

GERALDINE GIFFORD

Gerry, a top-notch business student, is practically a six-year member of the honor roll. Hats off to Gerry—she's one person who really knew what was going on in Commercial Law! Although she is rather reserved, Gerry has a fine sense of humor and can play a joke as well as the next one. Gerry held up the woodwind section in the band, tooting away on her clarinet. Outside of school she plays basketball and does a bit of square dancing.

Band 9, 10, 11, 12.

WALTER GORDON

Walt, alias "Fuzzy"—is reticent about making friends in a hurry. He is generally seen going from class to class, content to say "hi" to his friends who pass by. Despite this, he is well known—especially by the French II class who had so much fun trying to follow his translated jokes! Walt's interests lie mainly in working with motors and in caring for the animals around his farm. His dream is to be a dairyman—best of luck to you, "Fuzzy."

PARKER HADLEY

If there was ever a volleyball World Series, you could bet that Park would be on one of the teams and doing his share to raise the score. It was through Park that we got the intramural volley ball games this year.

In classes Park's mainstay is history. Many was the person who often wondered how he could get such outstanding marks with so much ease. Despite all this, Park will always be in our minds, the fellow who went down to Florida to get a car!

Football 11, 12; Pirates of Penzance 12; Track 10.

ALYCE HAGIST

Alyce Hagist, known to her friends as "Elly", maintains that her pet peeve is sarcastic and jealous people. After knowing Alyce's sunny disposition and unselfish nature one can see why this is so. Alyce is taking the college course in school and her favorite subject is Psychology. Elly's best-liked activities are basketball and hockey and since she participates in both it's hard for her to decide which she likes the better. Her interests seem to be highly athletic as she spends the better part of her leisure time swimming, skating, or bowling. Alyce is fairly uncertain as to what she will do after graduation, although her uppermost plan is to go into nursing.

Field Hockey 10; Interclass Basketball 10.

MARTHA ELIZABETH HALLET

Martha proves to be the exception to the old saying that states that all redheads have a vile temper. Martie is one of the best natured girls in the class. The only thing that bothers her is being called "Red". Another of our telephone operators, Martha's favorite subject is Psychology and her favorite sport is basketball. She has been on the basketball team for three years. She has also been on the hockey teams. Besides being good natured, Martha is very friendly. She can meet anyone, anywhere, and two minutes later they will be chatting like old friends. After school Martha wants to do a lot of traveling and eventually settle down and marry.

Basketball 9, 11, 12; Interclass Basketball 9, 10, 11, 12; Interclass Hockey 9, 10, 11, 12; Glee Club 11; Junior Red Cross Rep. 11; Junior Prom Comm. 11.

ELLEN HANSBERRY

"Lully" comes somewhere near the top in the Class of 1950's list of clowns and riots. She's active in school business and even more active in "monkey" business and general fun-making. When "Lull" does get serious (?), however, she takes part in the girls' Glee Club, basketball, the Clipper Staff and hockey team. Outside of school, "Lull" enjoys movies, bowling, roller-skating, and "platters"—to say nothing of driving her Father's car. She also likes to eat, or maybe it's the atmosphere at Wimpy's. Hmm? "Lull" was voted the most gullible girl in the class. Her most cherished ambition is to get married and raise a family. Good luck!

Glee Club 9, 10, 11, 12; Hockey 10, 11, 12; Basketball 10, 11; Clipper Staff 11; Trial by Jury 11; Senior Class Play; Sophomore Hop Committee.

KENNETH HASSETT

"Cross your bridges when you come to them; never do today what can be done tomorrow"—these are Kenny's bywords. This "enjoy life while you can" policy and his shiny black convertible make him quite a sport.

Of course life is not all play and no work. Besides being a first class soda jerk out of school, he has been a first class football player in school. The part he played in B.H.S.'s first victory over Coyle in fourteen years was his major accomplishment. His aggressive tackling and timely runs were largely responsible for more than one Barnstable victory.

The future is just another bridge for Ken to cross and we know he'll do it well.

Football 10, 11, 12; Track 11, 12; Operetta 12; Class Play 12.

BARBARA HOWARD

"Barbie" is a very "bright" member of our class—Bright in the way her face lights up and those dimples pop out when anything interesting happens. She has that wonderful gift of doing things for others and takes a great interest in school activities. She can take a terrific wham at a hockey ball too! If you see a gal out snapping pictures like mad, with everything imaginable for a subject, that's Barb. She has all the makings of another Rembrandt—Oh no—That's the wrong field, but you can get the idea. She will make a fine place for herself in future years.

Glee Club 11, 12; Hockey 9, 10, 11, 12; Clipper 12; Personal Staff of Barnacle 12; Interclass Basketball 10.

BARBARA IRWIN

"With happy eyes and joyful heart"—this describes "Babs" only too well. Babs may be seen on the back roads learning how to drive, or riding about town in a certain "hot rod". All in all, Babs is an all around good sport. Her friendly manner has won her many friends in Barnstable High School. Babs is a good student and works very hard to obtain her high marks. She really lets loose on the school bus and contributes to the fun and frolic. She is liable to burst into song without any warning. Babs has shown her abilities in many school as well as outside activities.

Band 9, 10; Clipper Typing Staff 11; Junior Red Cross 9, 10, 11, 12.

BARBARA JONES

This pretty blonde is one of our sweetest seniors—if you'll pardon us the expression. Barb doesn't force herself on anyone—but she certainly isn't lacking a host of friends. During the Physical Education period, Barb really goes to town on that basketball. Better watch out kids, she's a terrific player! It is really a pleasure to watch Barbara dance—we've never seen her sitting one out yet. As for the future, Babs has high hopes of being a secretary for some big firm.

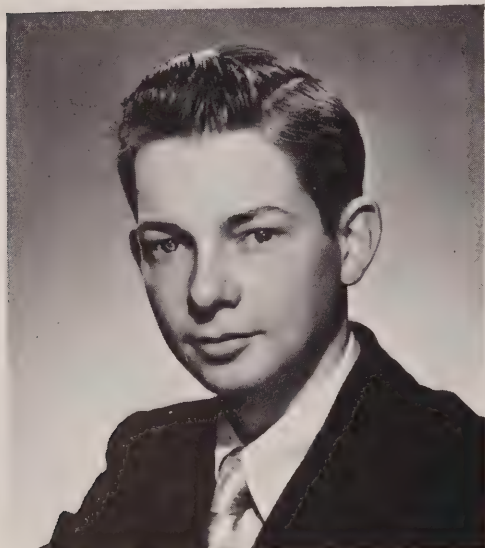

DAVID OTIS JONES

Six foot tall with that unmistakable Jones drawl—that's David. His blond wavy hair and grey-blue eyes have set many a female heart to fluttering. Although his manner in school is apt to be a bit reserved, when Friday nights roll around he's as happy and carefree as any one of the members of the "Friday Night Club". Dave likes any kind of sports and his pet peeve is wise guys. His favorite subject is Physics. In the summer David works as a tuna fisherman but in the winter you are apt to see him driving a great big truck with the words "W. A. Jones, Construction Co." printed on the side—perhaps he will one day be head of the company, who knows?

Glee Club 9; Football 9, 10; Junior Red Cross 9, 10, 11, 12.

JOHN JONES

John, better known as Sonny, is that dashing young Romeo, hailing from Barnstable, who increases the pulse of the fair sex. Sonny intends to further his education at Northeastern next fall, matriculating in the Civil Engineering course. He promises us to revolutionize road building, after he takes over his father's business. He is one of our most talented musicians, being a concert pianist—to not mention his hot "jive". The lucky young lady that some day will become his wife will not have to be a cook as Sonny has cooked in some of our better hotels for the last three summers.

Sophomore Hop Comm.; Junior Prom Comm.; Barnacle Staff 12; A.A. 9, 10, 11, 12.

SALLY EDNA JOHNSON

Shining red hair and a blue uniform make a terrific combination of beauty and ability on the BHS basketball court when Sally appears. She has proven her ability as an athlete by her participation in inter-class basketball and hockey and in varsity basketball. She is also a capable business student as was demonstrated by her management of one of the teams during the magazine campaign and by her participation on the typing staff of the Clipper. Sally likes to bowl, to dance, and to participate in sports, especially basketball, but she dislikes being idle. Above all, she wishes to become a stenographer.

Basketball 9, 10, 11, 12; Hockey 9, 10, 11, 12; Softball 10, 11.

HELEN ELIZABETH KAHELIN

Don't let Helen's quiet air in school fool you. Outside of school she is bubbling with vivacity. Helen is one of the outstanding athletes in our class. She has been on the basketball and hockey teams all through high school and was also a majorette. In her spare time Helen likes to write letters, swim or go sailing. Her favorite subject is art but she doesn't enjoy the fine art of doing homework or dishes when she wants to go out. Helen made a very efficient secretary in our junior year. Her career is undecided yet but with Helen's charm she needn't worry about a rosy future.

Majorette 9, 10; Hockey 9; Basketball 9, 10, 11, 12; Interclass Basketball 9, 10, 11, 12; Sophomore Hop Comm.; Junior Prom Comm.; Class Secretary 11.

SALLY ANN KELLOGG

Voted the most beautiful and best dressed girl in the senior class is Salle. You'll find her walking through the corridors with her pet peeve, George! Her ability to remember jokes and describe people has been a source of delight to many of us. She has been on the student council since the tenth grade and was a very snappy cheerleader in her senior year. Her favorite subject in school is art. In other classes, however, you may see her knitting away on a sweater or a pair of argyles for George. Outside of school she works part-time in Buttner's. Sally's wonderful personality and beauty will make her successful in whatever she undertakes.

Clipper 9; Basketball 10; Hockey 11; Glee Club 12; Student Council 10, 11, 12; Sophomore Hop Comm. 10; Gondoliers 10; Junior Prom Comm. 11; Cheerleading 12.

THOMAS J. KENNEALY

In B.H.S. you will find a group of students who are always in good humor and never seem to let anything get them down. Tom belongs to this optimistic aggregation and his ready smile and witty quips will be well remembered by all. Tom's other claim to fame was his gaudy array of sharp sweaters which he displayed around the campus.

Tom's extra activities were limited to basketball. However, outside of school he enjoys various other forms of amusement—namely, basketball, baseball, movies and skating.

Basketball 10.

MARY ELIZABETH LAMBERT

Mary is one of our most dependable and capable Seniors. As a member of the Business Course she has contributed much doing lots of "little" things which add up to a lot. Mary loves basketball and it really is something to see her show her B.H.S. enthusiasm at the games. It puts the spirit right in you! Dancing and skating are two of Mary's favorite means of amusement, and can we wonder as she displays such gracefulness and gaiety? Mary doesn't like people who "show off"—maybe that's why she is as sweet and sincere as they come.

DAVID LELAND

One of Cotuit's gifts to our class is David Leland, the "class mechanic." David, being a machine shop student, doesn't have the opportunity to mingle too much with his classmates and for that reason is not as well known as some of the other members. Dave's hobby is automobiles and gasoline engines and someday his inventive mind will revolutionize the automotive industry. A man of few words, he is one of the most popular members of the machine shop course and "lends a hand" many times to the lower classmen. Dave hopes to manufacture a racing automobile and gain fame and fortune thru this medium.

NORMAN LEVINSON

As one of our classmates so aptly put it, "Doc" is real proof that big things come in little packages. Voted the most artistic pupil in the class, he can always be seen with a piece of paper and a pencil or crayon drawing cartoons of his favorite characters. And he is really artistically minded, art being his favorite subject in school, his favorite means of amusement and his most cherished ambition. But he still finds time for his studies and activities. He is a good student and does plenty of studying. (Of course, having a father for a teacher might have something to do with it.), while still managing to have plenty of fun.

J.V. Football 9; Ring Committee 11; Barnacle Staff 12.

JACQUELINE MADDEN

Jackie is one of the "going steady" girls in the class. Ever since we can remember when you think of Jackie you automatically think of John. Jackie is always full of pep and has a smile for everyone. Her favorite subject is Psychology but when it comes to Spanish she does have her troubles. She has been a cheerleader throughout high school and this year is head cheerleader. Jackie's gay line of chatter certainly brightened up a lot of dreary days for the teachers as well as the students. Jackie's power to master jitterbug steps is still a mystery to us. We wish the best of luck to her in the future which is bound to include John.

Twirling Corp 9; Cheerleader 10, 11, 12; Glee Club 10, 11, 12; Sophomore Hop Comm.; Interclass Basketball 11; Cheerleaders' Dance 11, 12.

BRADLEY MANN

Tall and serious, Bradley is frequently seen in the corridors around school. If you haven't seen him, try the local A. & P. in the afternoon and on Saturdays. Very few things perturb Bradley but his main gripe is the impatient customers on whom he has to wait. "Brad" was recently elected the "most gullible" boy in our class. He is taking the Business course and his favorite subject is American History. Softball and basketball are sports he enjoys most, while bowling and the movies take up much of his spare time. "Brad" hopes to be successful in business and if he continues his hard work he will be a success.

J.V. Football 10; Track 11.

MARY ANN McDONOUGH

Mary Ann is the gal who has to listen to those wierd stories of Lena's—or maybe Lena gets hers from Mary Ann. Anyway these two are always together and *always* talking. Whenever you go by the McDonough house (in Centerville of course) you will always see a troop of teen-agers, who are making it a temporary headquarters for fun. "Mac" has a terrific ear for music. She is one of the best natured harmonizers in the class and is always picking out the latest songs on her piano.

Whatever Mary Ann does you can be sure she will succeed and have a good time doing it!

BARBARA McMANUS

Barbara is a shy, quiet girl, who doesn't have much to say, but in back of all this quietness there is a sense of humor and an earnestness to go places. She has a great interest in music and plays the piano extremely well. If you ever dropped over to Barb's house you would probably find her curled up in a chair reading a good book or playing the piano. Barbara is going to be a buyer and has already started to learn merchandising. We know that Barbara will get ahead and sometime get that store of her own.

Orchestra 9, 12.

ELEANOR MELLO

Eleanor is a shining example of propriety—but one certainly not devoid of just the saving touch of humor and deviltry. She is perhaps most famous as the chief exponent of the anti-tobacco crusade which was later taken up by the Reader's Digest.

Even-tempered and unaggressive, Eleanor appears very gentle unless one happens on the misfortune of calling her "Yah lee"—then all heaven breaks loose and we see her true spirit!

Eleanor is very active in the Grange and can also be found quite frequently at a bowling alley or dance hall—in other words, she's a girl of many interests and no fewer talents!

Glee Club 11, 12; Junior Prom 11; Red Cross Representative 9.

MIRIAM MONTCALM

Miriam, with her uncomplaining and cheerful disposition, will make some lucky guy a wonderful housewife. While other girls struggle with French verbs, Miriam could pass a proficiency test in "culinary culture" in nothing flat. No less is her talent in sewing as "Mim" is one of those people who, with a scrap of cloth, a needle, and thread, can pop up with a cute creation all her own.

"Mim" intends to follow her sister's footsteps and become an attendant nurse, and we know that if she does she'll certainly be a good one.

Glee Club 11, 12.

ANTONIO MONTERIO

You'll always know when Tony is around by the noise he makes. The peaceful quiet of a school corridor is broken by the clomp of cleated shoes—it's Tony! A jet-job roars up Main Street—it's Tony again. A swell personality, a sense of humor and daring pranks are the things that make Tony an all right guy. He's active in several school activities among which are "Trial by Jury", glee club, and football. His out-of-school amusements fall under bowling, pool, movies, and riding around in his car. Tony hasn't made any definite future plans, but if we know Tony, as the song goes, he'll "get by".

Trial by Jury 12; Pirates of Penzance 12; Glee Club 12; Class Picture Committee 11, 12.

JANICE LINDA MOORE

Although Janice is seldom heard we know she is not without a fiery spirit. She is a member of the college division and if you ever dropped in on her some night, you would probably find her studying, especially her history, most dilligently. For amusement when she is not studying or helping at home, she likes to go bowling or to the movies. She has also been an ardent follower of our school teams all through high school. We hope that someday, although it may be quite a while, she may realize her ambition to become an archeologist.

A.A. 9, 10, 11, 12; Basketball 9.

ROSALIE IRENE MOSER

"Petite" is just the adjective to use in describing cute, diminutive Rosalie. Rosalie receives a lot of ribbing about her height but she good naturedly takes it all. Her twinkling blue eyes hint of the lively, alert disposition she has. Rosalie is a student in the college course and her favorite subject is psychology. Art is the activity she enjoys in school and she is frequently seen working in the art room. Rosalie's favorite means of amusement outside are music and dancing. She belongs to Rainbow and Tri-Hi and she is an active member of each organization. Rosalie's ambition is to become a nurse and from all indications she will make a patient feel better right away!

Glee Club 11, 12.

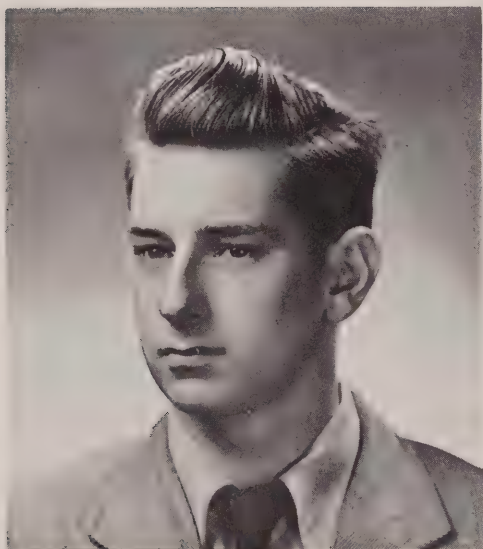

RUTH ANN MULDOWNEY

Our Ruthie is perhaps one of the most conscientious students in the senior class. An honor student, she favored chemistry and is this year one of the few girls who seems to enjoy that "not-so-easy" subject known as Physics! Ruthie's choice activity in school is glee club and she took part in the operetta "The Gondoliers" in her sophomore year. To all appearances Ruthie is one of those people who never gets mad, but as heard from a few pals who really know her, she has a spit-fire temper once she gets her Irish up! Ruth has a high scientific interest and hopes to enter nurse's training next fall.

Glee Club 9; Gondoliers 10.

JOHN MULLALY

Among the legion of lads exiled to the Agriculture Building you will undoubtedly come across a quiet diminutive senior who answers to the name of Johnny. However, don't be fooled by this fellow's reserved manner. For you would soon find out that John is quite a regular guy. It's just that he speaks only when he has something which he thinks is worth while talking about. If you should be lucky enough to find Johnny in a talkative mood, you might get him to disclose that he was a member of the band for two years, a B.H.S. griddier for one year and a prominent member of the F.F.A.

F.F.A. 9, 10, 11, 12; Band 9, 10.

LOIS PATRICIA MURPHY

Lois is a firm believer in the old adage that goes: "A look is worth a thousand words." Her flirtatious eyes have set many mad hearts fluttering. No matter where "Lo" is or what she is doing she always looks neat. Due to her height and beauty Lois has modeled in several local fashion shows. Her favorite subject in school is psychology, but she has artistic talent too and helped serve on many decoration committees. In harmonizing "Lo" is tops. Without her strong alto voice "You Are My Sunshine" becomes entirely soprano. We wish you the best of luck in the future, "Lo."

Junior Red Cross Representative 9, 10; Clipper 9; Glee Club 9, 10, 11; Gondoliers 10; Interclass Hockey 10, 11; Sophomore Hop Committee; Junior Prom Committee.

NANCY JANE MURRAY

Nance and her Barnstable bound green Lincoln are inseparable. Her pet peeve is running out of gas so she tells us (and who can blame her?) Nancy's sincerity and implicit trust make her quite gullible at times. Her ability to make a mountain out of a mole hill and vice-versa sometimes amazed us. Many are the times you have seen her running into home-room just as the 9:05 bell rings. Many are the times you'll find her leaving school about 4:20 because she got there just after the bell rang! When it comes to food she will eat any kind of foreign dish you can mention just for laughs. Her easy going manner will always aid her in the future.

Twirling corps 9; Glee Club 10, 11, 12; Gon-doliers 10; Interclass Hockey 11 12; Sophomore Hop Committee.

WILLIAM NICKULA

If you've seen a good looking, well dressed boy around the corridors of B.H.S., you can be almost sure that it was Bill, for his blond hair and snappy clothes single him out anywhere. While the rest of us are roaming around in shirt sleeves and sweaters, Bill always wears a tie and one of his many sharp sport coats. Top this off with his good looks and you can easily see why he was voted "Best Dressed Boy" in the class. While we are on the subject of sharpness, as a second baseman on the baseball team for four years, Bill was one of the sharpest B.H.S. has ever had. On top of this he's no slouch as a pitcher. About the future Bill is mum, but we wish him all the luck in the world in anything he chooses.

Baseball 9, 10, 11, 12; Football 9, 10.

JOAN E. NUNES

It hardly seems possible that Joan has not been with us for six years. She is so easy to get along with, however, that 'tis no wonder we quickly chose her as a popular girl.

Joan's main stay is athletics. No matter what the sport, she can always be counted on as first-string player who will play a lightning-fast, clean game. A member of the *Clipper* Staff, her dry humor and bubbling personality have added much to the meetings and the publications.

No matter what Joan does we wish her luck and predict that she'll make a speed record doing it!

Basketball 9, 10, 11, 12; Glee Club 12; Hockey 9, 10, 11, 12; Softball 9, 10, 11, 12; Clipper 12; Junior Prom 11; Interclass Basketball 9, 10, 11, 12; Clipper Typing 11.

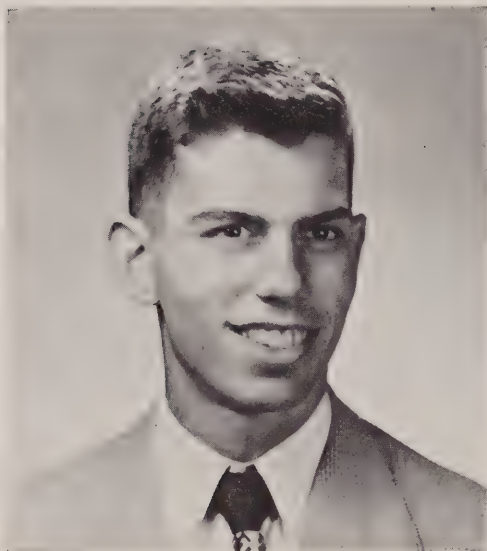

MARIE OHRN

"Sweet Marie" seems to be one of the more quiet members of the class—but to anyone who knows her she is anything but that! Besides being a first-rate guard on the basketball team, Marie is an active member of the student council and also of the Barnacle staff. Marie's outside activities are many, the foremost being Rainbow in which she was recently elected Worthy Advisor. Her favorite subject was chemistry, but whether or not she'll pursue her long-ago ambition of becoming a mad chemist remains to be seen. Marie plans to attend college and we know that no matter what she chooses—whether it be chemistry or housework—Marie will be a success.

Basketball 9, 10, 11, 12; Clipper 11; Barnacle 12; Intra-mural Hockey 10; Glee Club 11, 12; Student Council 10, 11, 12; Ring Committee 11; A.A. 9, 10, 11; Sophomore Hop Committee 10; Interclass Basketball 9, 10; Intra-mural Basketball 9, 10.

JOHN O'NEIL

John is easy going, good natured and seldom without a smile. Four years of good football playing has made him one of the outstanding players of Barnstable High. He also was on our basketball squad for two years. Not only has he proved himself in the field of sports but in the school. Two years our class president, he showed much ability as a leader and a business man. Outside activities include work which has not interfered with his school studies or activities. John's personality is bound to make him a success in anything he undertakes.

Football 9, 10, 11, 12; Basketball 9, 10; Class President 10, 11; Barnacle Staff 12; Glee Club 12.

ALTHEA E. PALUMBO

"Al" or "Sis"—whichever you prefer—seems to be perpetually in a high state of giggles. She can laugh at anything; no matter what the time nor where the place. For this reason she keeps herself in hot water most of the time. An "Osterville girl", Al takes the Business Course and gives one the impression that she *could* be a student but never got that serious. Sis can talk almost as fast as she can laugh; in fact, it's hard to tell just where one begins and the other ends. Despite this, however, she is not what one would call a scatterbrain; rather just a gal who gets a big kick out of life—more power to her!

Clipper Business Staff 10; Clipper Typing Staff 10; Glee Club 12.

CLAIRE PARKER

If you know anyone who is prouder of her home town than Claire—well, I guess you just don't know Claire, for Marstons Mills really gets its share of publicity when she's around! Claire is the best friend anyone could have, for she hardly ever gets angry, and she always goes out of her way to help us all out. The only time we ever saw a different Miss Marstons Mills was in the 11C History Class—and then, wow! What a terrific debater she was! She has about the prettiest eyes in the class and is also one of the best students. After this summer Claire is going to M.G.H.—Good luck!

ARNOLD PEMBERTON

"Arnie", who came to us from Fall River several years ago, made up for lost time in popularity and activities. His popularity is known to all and his activities fall under sports, music, and writing. He has had major roles in the operettas "Trial by Jury" and "Pirates of Penzance." "Arnie" will be especially remembered for his "Lucky Old Sun" in Miss Nehubian's minstrel show. He also plays a string bass in a small combo. As far as actual school work goes, "Arnie" prefers psychology to any other subject. Outside of school Arnie likes dancing and listening to music, preferably "The Great Mr. B." Perhaps Arnie will follow Mr. B. in his career as a singer. Who knows??

Football 9, 10, 11; Track 11; Operetta 11, 12; Barnacle Staff 12; Glee Club 11, 12.

JOHN PENDERGAST

If you see a brand new Buick cruising around town with a handsome fellow at the wheel, you can be sure that he's our Jackie! Jack is a good student with an eye for business. His favorite subject in school is mathematics in any shape or form. His favorite means of amusement is boating and, as a matter of fact, he has his own motorboat. His outside interests center around Newton, swimming and tennis. Jackie has been active in the Clipper Business Staff for two years. His most cherished ambition is to make his first million—Wow!

Clipper Business Staff 11, 12.

ANN PERRY

Ann is one of the more reserved members of our class, but those who know her outside of school know she can contribute to the fun and frolic of the gang. Ann has participated in many school activities as well as outside activities. She is an active member of the Cotuit Village Girls' basketball team and may be seen playing a clean game. Her rapid typing is really very mystifying to other members of the class, as she has developed a high typing record. As for other subjects, Ann has managed to make the honor roll practically every term. Ann displays her more humorous side outside of school.

Band 9, 10; Field Hockey 9, 10, 11, 12; Clipper Typing Staff 11.

N. RICHARD PERRY, JR.

Dick, as he is better known, will be well remembered by the basketball fans of B.H.S. for his powers on the hardwood courts. However, his popularity isn't due to athletic ability only. His happy-go-lucky personality and ready wit also serve to make him well thought of among his classmates. Tall and lanky, Dick was one of the reasons for the successful "Meet the Duchess"—alias the Senior Class play. Besides all these activities he still finds time to be a high ranking scholar in the college division.

After graduation Dick has aspirations of becoming an accountant.

Football 10; Basketball 11, 12; Senior Class Play.

PETER V. PIERCE

Some seventh period if you see someone scurrying down the corridors and dashing into the senior homerooms collecting money for "Barnacle" ads, nine out of ten times it's Pete. Besides being very active as business manager of the "Barnacle" he has also taken part in many other school projects. "Pete" is also one of our stars on the track team. It's no wonder that he was voted the Most Dependable boy of the class. Outside of school "Pete" is also active in many fields. He has a good sense of humor and can usually be seen with a so called "Senior Smile."

Track 9, 10, 11, 12; Prom Committee 11; Barnacle Staff 12; Financial Committee 12; Red Cross 9, 10, 11, 12.

DAVID POLLOCK

Dave is an individualist who goes his own way despite the puzzled looks which sometimes follow him. This little quirk has only made him more popular and when his dark twinkling eyes break into a smile—well, then Dave is just plain good-looking. Some of the things not to be forgotten about Dave are his outstanding art work, his V-neck sweaters with those white tee shirts, and his excellence on the gridiron. Dave was about the first to have a "hot-rod" and since then he's steadily swapped for better and better models. This summer he's taking off for New Hampshire where he'll take on his old pastime as grocery clerk. After that, well, it's just good luck, Dave!

Football 9, 10, 11, 12.

ROBERT RICHARDS

Have you seen a quiet, reserved young man moving from class to class through the corridors of B.H.S. these last six years or so? If you have, you can be sure it *wasn't* Bob—for if he's present it doesn't go unnoticed. Always something to say, always a new idea, always ready for an argument, these are the main ingredients of Bob's personality.

He has taken the college course for four years and, although not an honor student he has done creditably well. Serving on numerous committees all the way from Sophomore Hop Decorations to Senior Class Money-making Committee has kept him busy—but not busy enough to keep him away from his outside interests in boating, hunting, and fishing.

Whether it will be the hook, line, and sinker business or more school, in the future, we all know Bob will make a name for himself.

Glee Club 9, 10, 11, 12; Band 9, 10, 11; Orchestra 9; Class Talent Show 11; Junior Prom Committee; Sophomore Hop Committee; Money-making Committee 12.

ORREN ROBBINS

O.B.R. has always been and probably always will be strictly a lady's man. Since way back in Junior High, he has had them on his string—all the way from Providence to Sandwich.

Orren is a man of myriad skills, the least of which is making delicious concoctions down there at E. H. Turner's. In the junior class Talent Show "Or" surprised everyone with his guitar and cowboy yodel. Since then he has continued to amaze us to the tune of Operetta leads, the harmonica, ukelele, violin, and all such western instruments.

O.B.R. belongs to the club of square dance fiends—and if he goes through life as he does those steps, he'll be a howling success!

Junior Red Cross 9, 10, 11, 12; Operetta lead 11, 12; Talent Show 11.

PAULINE ROBBINS

"Lena", whose favorite dream is to live on an Arizona ranch, is one of our enthusiastic horse-lovers. As a matter of fact, she is partial to all sports, ranging from swimming all the way to watching a B.H.S. game.

You hardly ever see Pauline but what she is telling some crazy story. If not doing that, then she is probably using her hands, voice, and "Lena" giggle describing one of the many scrapes which seem to follow her like a magnet. Although not an over-studious member of 1950, "Lena" is one of our best artists. Who knows—maybe someday she'll be painting the Wild West. We bet that there will be a cigarette in the picture somewhere!

Glee Club 9, 10; Hockey 10; Interclass Basketball 11.

GENEVIEVE ROSE

Jenny gives the appearance of being shy in school but we have reasons to believe otherwise. We can see that she is able to enjoy herself both with people and by herself as she lists dancing and reading as her favorite means of amusement. We'll bet that one of her favorite dances is the "Mazurka" what, Jenny? Psychology seems to be the school subject that ranks highest with her and basketball leads the way of activities. Her outside activities include swimming in summer, bowling in winter and movies anytime. Her "after-graduation" ambition is to be a hairdresser.

ALICE MAE RYDER

Alice, another one of our telephone operators, is a business student. She has demonstrated her business abilities by being general manager of the junior high school magazine campaign during her senior year. However, business is not her only interest. She was a member of the Girls' glee club during her sophomore and junior years and she has been a faithful supporter of high school activities through her membership in the A.A. She likes to dance, bowl, and read, but she dislikes very much to have to get up early in the morning. We see no reason why she should not achieve her ambition to graduate.

Glee Club 9, 10, 11; Junior Red Cross 9, 10, 11, 12.

NANCY SAVAGE

A quick, happy smile and then she's gone. That is Nancy one of the busiest girls of the school. Glee club, hockey, Barnacle Staff, cheerleading—these are only a few of her activities. She has shown her talent as a writer and during her three years on the Clipper Staff she has turned out some stories that Barnstable High got many a laugh from. As one of the most popular girls of the school she has shown her business ability when she was elected Class Secretary, assistant editor of the Clipper, and on the Sophomore Hop Committee. She is a shining example of Barnstable High Spirit.

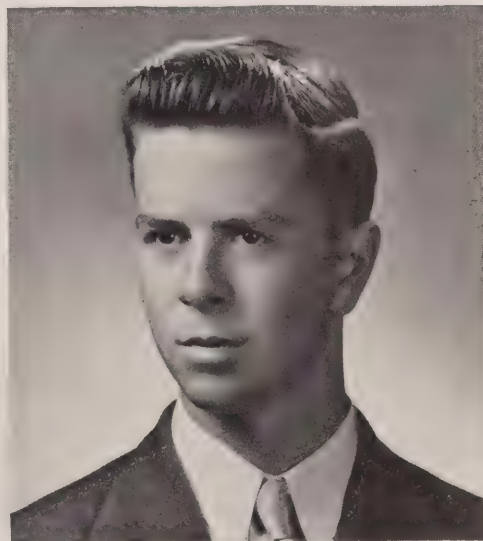

A.A. 9, 10, 11; Basketball Cheerleader 10; Barnacle 12; Clipper 9, 10, 11, 12; Class Secretary 10; Glee Club 9, 10, 11, 12; Hockey 10; Operetta 10, 12; Sophomore Hop 10; Talent Show 11; New England Festival 12.

FRANK SEAMAN

If you see two boys roaming the corridors during the seventh period, one of them is liable to be "Buzzy", as Frank is better known. "Buzzy" is one of the few farmers in our class and does a great job at farming. If a hunters' Tourney existed on Cape Cod, "Buzzy" would be among those who would participate in the sport. During hunting season "Buzzy" may be found in the proper place. "Buzzy" isn't exactly crazy about academics but he excels in Chemistry. He has a good sense of humor and can take a joke as well as tell one.

Red Cross 9, 10, 11, 12.

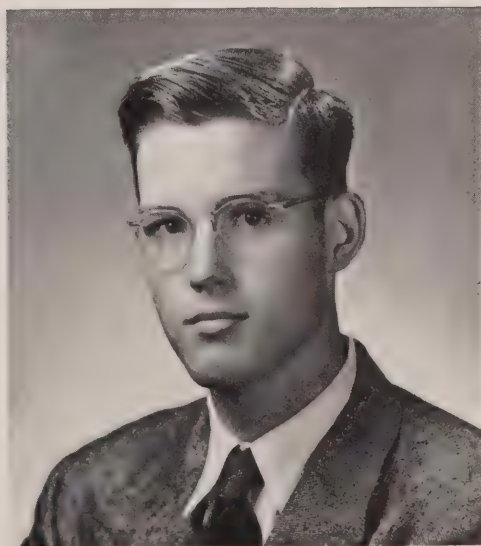

JOHN SHEEHAN

John is that senatorial smiling young man always hurrying to and from classes. Books and John are almost inseparable which accounts for his marks on his report card. He has a "mind of his own" much to the discomfort of many teachers. His interest is chiefly English and Government, but of late rumors tell us he has been seen talking with certain members of the opposite sex. His loves are arguments and he challenges anyone to debate concerning our system of government.

We all hope John will eventually win a seat in Congress and prove his ability to all people from Maine to California.

Barnacle 12.

BARBARA STARK

Best-known for her unmistakable talent in art, Barb Stark is just as handy with a lump of charcoal as she is with a paint brush. She is taking an art course outside of school and has great fun stenciling, sketching, and drawing pictures with anything on which she can lay her nimble fingers. Barb's favorite activity in school is Clipper and she's assistant manager of the business staff this year. This summer she and her family are moving to California where she will probably take up her cherished ambition of becoming a commercial artist. However, Barb's close friends seem to think that her delight in going to "sunny California" is in some ulterior motive rather than the picturesque landscape.

Assistant manager of Clipper Business Staff 12.

JOAN M. SULLIVAN

Joan, our strawberry blonde, is well on her way to a business career. In September she will be one of many B.H.S. commercial graduates attending the Fisher Business School. Even though she is rather quiet, Joan's famous stubborn streak and red-haired temper have set her apart,—but only as an individual,—for her cute dimples and quick smile are a familiar sight to all. Although Joan works after school as a "number please" machine, she still finds plenty of time to enjoy the bowling alley. Her high characteristic laugh can often be heard through the corridors—indeed, she is a favorite victim for our many, many comedians.

Clipper Typing Staff 11; Clipper Business Staff 9, 10, 11, 12.

BRAD SULLIVAN

The drumming you hear is Brad Sullivan practising with his society orchestra. Some day in the future this young man will make Kay Kayser and other popular orchestra leaders sit up and notice as he and his band will monopolize the better radio and television programs. Brad is very much interested in agriculture and has a market garden among the Cummaquid sand dunes during the summer. His dry wit and humor has become part of our institution and will be sadly missed by all when he leaves the sacred halls of Barnstable. Underneath his deviltry and wit lies intelligence and ambition, which we know will come to the fore in the future.

Baseball 11; Operetta 12; Senior Class Play 12; Junior Prom Committee.

KENNETH TAYLOR

We think it's a pity that so many faces are hidden day after day down in the trade school,—especially when the face is that of Kenny Taylor! Kenn's love of fun is shown by the way he enjoys himself at square-dancing, which by the way, he does exceptionally well! His favorite means of enjoyment comes from playing the harmonica on which he picks up all the latest tunes with ease. Ken claims his pet-peeves are "girls in general," but somehow we don't quite believe him—not after the way he haunts Yarmouth night after night! Kenny took the carpentry course in school, but he hasn't made up his mind yet as to whether he'll follow this or join the service.

A.A. 9, 10; Junior Red Cross 9, 10, 11, 12.

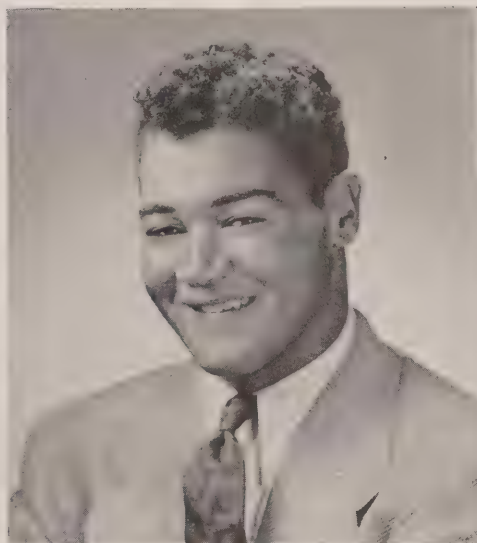

THOMAS VAGES

If a stranger ever came upon the scenes of B.H.S. and heard anyone mention the word "buckshot," he'd wonder if he was in a high school or at the "Bass River Rod & Gun Club;" but to every student in B.H.S. this is the nickname of one of the most likeable fellows ever to step foot within its doors.

"Buck" is known by every teacher and student. His sense of humor and loud laugh (especially at his own jokes) would single him out anywhere.

He has played varsity football for four years. This has been one of his big stepping stones to popularity; for, besides his humor, his sportsmanship and his will to win have been uncovered through his participation in this sport. Nobody played a harder game of football than "Buck." His blocking, tackling, and all around aggressiveness will not soon be forgotten.

As for the future we're not sure and neither is he, but all his classmates wish "Buck" the best of luck in the world. He deserves it!

JUDITH WHEELER

Sparkling and fun-loving, Judy is one of our more popular senior girls. Many a male heart has sighed after Judy with her blonde hair and bright blue eyes. She is an ardent football fan and was seen at all the games, rain or shine, helping to cheer our team on to victory. After school and on week ends she works in the Osterville Drug Store. If you can't find her at the Drug Store, try one of the neighboring ranches. Judy loves horseback riding and spends all the time she can spare riding. Her ambition is to go to college and sometime after that to get married. We know that Judy will be successful in whatever she does.

Glee Club 9, 10, 11, 12; Clipper Staff 12; A.A. Representative 12; Hockey 12; Trial by Jury 11; Barnacle Captain of Osterville 12.

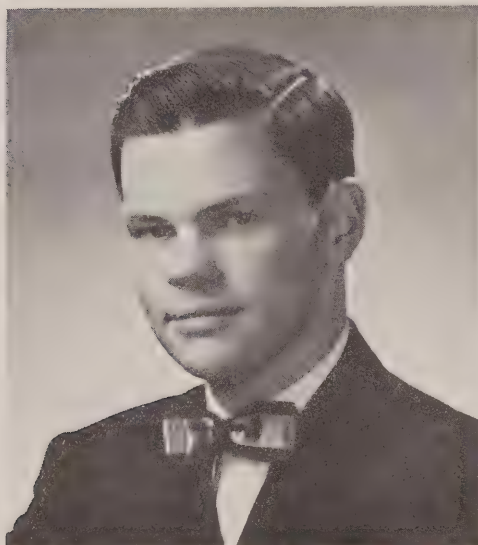

DONALD WHITE

Don besides being a good student is one of the more accomplished members of our class. His musical ability extends all the way from the piano down to the trumpet. Besides this he is also star vocalist for the Chibubolas or whatever that Sullivan, Jones, Pemberton combo is called.

His ability goes beyond music, though, for some of the products he's turned out of 206 were done by no ordinary artist. It is into this field, commercial art, that Don plans to enter. We all know that his ability plus his knack for doing well in whatever he undertakes will build for him a successful and a happy future.

Golf, basketball, and baseball are Don's other outside activities. We know he's also quite a hit with the girls. He never seems to be alone at the movies or dances.

Football 9; Golf 11, 12; Sophomore Hop Committee; Glee Club 11, 12; Junior Prom Committee; Pirates of Penzance 12.

HAROLD WILLIAMS

Harold can best be described as our own special brain trust. His strong points are Chemistry and Mathematics, and he is planning to study further in these fields. He will attend Philips Exeter Academy for one year and then on to the Massachusetts Institute of Technology. His weak spot is—well, just ask Harold to read some poetry! He was a member of the Chess Club for two years, the Band and Orchestra for four years, and, in his senior year, he was Editor of the Barnacle. Harold has been an honor student all through school. In spite of all his scholastic honors, Harold will be remembered mostly because, amid tee-shirts and sport shirts, he always showed up with a jacket and a tie too!

Orchestra 9, 10, 11, 12; Barnacle Editor 12; Band 9, 10, 11, 12.

HOWYNN ELIZABETH WIMBERLY

Everyone who has attended a girl's basketball game has seen this lass in action. "Winnie" is one of the best guards on the team. It isn't hard to tell that her favorite activity in school is basketball. She also participated in softball, hockey, and glee club. Most of her spare time is taken up with some kind of sport: swimming, horseback riding, dancing, skating, and many others. When she isn't engaged in some sport she is keeping the United States Postal Service busy delivering the letters she writes to a certain fellow at Camp Edwards. "Winnie's" ambition is to become either a government worker or a tap dancer, but what ever she attempts we're sure she'll succeed.

Basketball 9, 10, 11, 12; Softball 11, 12; Hockey 9, 10, 11, 12; Glee Club 12; Clipper 9, 10, 11; Clipper Typing Staff 11.

LOIS HOLLIE WORDELL

If "Lo" doesn't spell her name musically, rest assured that it's simply because she has as yet conceived no possible way to do so. Her great proficiency on the piano, flute, organ, and clarinet is nothing short of miraculous. She has proven herself indispensable to the Music Department, cataloguing the entire library and writing new parts for incomplete sets. "Lo's" only lament is American History—in which she can only manage a B! When not studying up on Our Founding Fathers, she spends her spare time knitting, talking, and talking some more.

Band 9, 10, 11, 12; Band Sergeant 10; Band Lieutenant 12; Basketball 9; Business Manager Orchestra 9, 10, 11, 12; Junior Prom Committee 11; New England Music Festival 10, 11, 12; Orchestra 9, 10, 11, 12; Operettas 9, 10, 11, 12; Sophomore Hop Committee 10; State Band Festival 9, 10.

VINTON HODGEKINS

"Vin" took the general course for a while and then decided to join the crew who have so much fun down there in the Machine Shop—or so it looks to an ignorant outsider. When Vin's super-charged car roars into the parking space we all make a dash for the building—as much a safety measure as to get in on time. He is truly a "hot-rod" enthusiast and intends to become a racing driver after graduation—this is in his spare time after selling Pontiacs for his Dad.

CARL H. LAMPI

Carl belongs to that scant group of seniors that might rightly be termed the "Silent Students", for he is a lad who is rarely heard or seen around the halls of B.H.S. This is partly due to the fact that Carl is a member of the farm corps and spends most of his time in the Agricultural Building.

Although Carl is rather a quiet chap, he is quite a sport enthusiast. He participated in varsity football for the past three years. In his leisure time Carl goes in for sports and reading.

Football 10, 11, 12.

GRETCHEN PETOW

"Pete", who left our ranks for a while this year, just couldn't bear to graduate in any school but B.H.S.—so back she came! She has that subtle power of persuasion which could—and does—influence all who know her. "Pete" is really a smooth gal—whether it be dancing, clothes, or general technique. Her obsession to collect souvenirs often sends us into gales of laughter—especially when she glides out of a restaurant backwards so the waiter won't notice the missing silverware. "Gret's" spare time is taken up with riding—both horses and that sleek yellow Pontiac.

FRED SEAMAN

Fred is our "other vet." Because of this, and the fact that he's taking a technical course, few know him except as "Buzzy's" older brother. Outside of school, Fred is really a regular fellow who can dance, shall we say, divinely? He is also a frequent visitor of the Mill Hill Bowling Alleys. After Fred came out of the service, he went right into the National Guard and can be found at every meeting going thru all the paces. We don't know what his future plans are, but good luck anyway!
